

# Ritual of Banishing

## VII

Raise your consciousness to the higher realms until you have reached the Divine Omnipresence. Lift your Athame and say...

*"Hear me, Great Spirit  
for I am the voice of  
of your creation.  
Descend into this Sacred Circle  
so that I may command those force  
of your making."*

Place your Athame on your brow and vibrate the Divine Name...

*"HIO"*

Allow the energy to pulsate there in a brilliant white glow. Move your Athame to your heart and vibrate the sacred letter...

*"Tzah"*

Allow the energy to pulsate there in a brilliant white glow. Move your Athame to point at the alter and vibrate the Divine Name...

*"OIH"*

Allow the energy to pulsate there in a brilliant white glow.

## IX

With arms to either side allow the radiance to expand and stretch beyond the limit of your temple, and thus, to the limitless boundary of the universe as you say...

*"I am that which is the Great Spirit.  
I am all things before creation.  
Life and death kneel before my feet  
for I am that which is the Great Spirit.  
As I breath so to does the Universe.  
As I create so to does the Universe  
take shape by my thoughts  
for I am that which is the Great Spirit."*

Allow your voice to be heard and vibrate the very foundation.

## X

With Athame in hand move to the eastern boundary of the circle and draw the Pentagram of Banishing Fire in a red flame, its glow tinted in green. Stab at the center of the pentagram and say...

*"With fire, the Great Spirit burned  
the universe to cleanse it of all impurities."*

Move to the southern boundary of the circle and draw the Pentagram of Banishing Water in a blue flame, its glow tinted in orange. Stab at the center of the

pentagram and say...

*"With water, the Great Spirit quenched  
the burning universe, and when this was complete,  
the universe had a more brilliant glow."*

Move to the western boundary of the circle and draw the Pentagram of Banishing Air in a yellow flame, its glow tinted in violet. Stab at the center of the pentagram and say...

*"With air, the Great Spirit formed  
the sky by which the heavens would be placed."*

Move to the northern boundary of the circle and draw the Pentagram of Banishing Earth in a black flame, its glow tinted in white. Stab at the center of the pentagram and say...

*"With earth, the Great Spirit would  
create the foundation of the universe."*

Return to your place.
